

HVAC/R COILS-COIL COATINGS

EPS has provided quality coil coating services to the Gulf Coast region for 6 years. **Many of our customers frequently need replacement coils of all types.**

EPS has teamed up with multiple coil manufacturers to meet our customer's needs to have quick access to replacement coils. **We can provide the highest level of corrosion protection for your coils with top quality siloxane coatings.**

We have coils for condensers, evaporators, chilled water, hot water, steam and refrigeration available.

Expedited manufacturing is available and coil coating turnaround time is **3 to 4 days, instead of 3 to 4 weeks**, which has become the industry standard. We also offer field application of coatings, to allow you to keep your project on schedule.

Contact us with you coil/heat exchanger needs and let us show you the benefit of a **ONE STOP SOLUTION FOR REPLACEMENT COILS AND MEETING YOUR PROJECT SCHEDULE.**

Contact us your replacement coil quote and coil coating quote.
